GEN. & REV. 21 NOV 1940 AGRL. & FOREST

SIR,

I have the honour to state that the entertainment of a Pie Establishment consisting of about 25 boys in the Government Press was sanctioned in Government Order No.M.2410-11/P.&S.47-21-2, dated the 29th November 1921. In modification of this Government Order, a Pie - Establishment, consisting of Pie Boys not exceeding 15 in number, on fixed wages ranging from Rs.3 to 7 per mensem, according to seniority and quantity of work done by them, was sanctioned in Government Order No.G.3819-20/P.&S.10-25-4, dated the 30th November 1925, subject to the condition that the total amount of wages paid to the boys should not exceed Rs.60/- per mensem. According to this latter Government Order the Pie collections made out of the earnings of the piece-work - establishment are being credited to the treasury and the pay of the Pie boys is paid out of these funds.

The work in the Composing Branches has enormously increased in recent years due to the varied activities of the several Government - departments. This has, therefore, enhanced the work of the P.W. staff and also of the Pie Branch. The earnings of the piece-work compositors have - increased and there is also a consequential rise in the total pie collections.

The average Pie Collection at present works out to about Rs.75/- on the basis of the last two years' collections at the Central Press, for a strength of 91 piecework compositors. An additional - establishment of 30 compositors has been sanctioned in connection with the printing of text-books in Government Order No.A.F.2063-64/P.&S.11-40-6, dated the 13th October 1940. This additional establishment will - further increase the Pie Collections. The increase in the strength of

P.T.O.

the piecework compositors gives rise to the accumulation of a large - quantity of pied type which should be sorted then and there to ~~store~~ ensure adequate supply of types. This operation necessitates the employment of sufficient number of Pie Boys.

The Assistant Superintendent, Government Branch Press, Mysore, represents that one pie boy working at the Branch Press cannot attend to one-sixth of the pied matter collected from the composing branch and requests for the employment of at least half a dozen pie boys for the Branch Press. Including the Pie Money collected at the Branch Press, the combined average pie collections of both the Presses will be about Rs.85/- per mensem.

Under the circumstances explained above, I beg to propose that the piecework establishments of the Central Press at Bangalore and the - Branch Press at Mysore may be treated as one and permission accorded for the entertainment of as many pie boys as there is need to meet the present requirements of the work both at the Central Press and the Branch Press, the pay of the pie boys ranging, as usual, between Rs.3/- and Rs.7/- per mensem according to their seniority and quantity of work turned out, their pay being paid out of total pie collections made in both the Presses and credited to the Treasury. The total number of boys in both the establishments may be fixed at 23.

I request the favour of early orders in the matter.

I have the honour to be,
Sir,
Your most obedient servant,

Superintendent.
